A Unite Students statement said: “The disposal is part of the group’s proactive portfolio management strategy, resulting in increased alignment to high and mid-ranked universities that deliver the greatest quality and value to students.

“It also sees the group exit certain smaller, less operationally efficient assets in cities such as Bristol and Leeds.”

Completion is expected on March 15 on four of the properties while the remaining sites will be sold on August 31.

"Our balance sheet is also positioned for growth with the investment capacity to deliver our biggest ever secured development pipeline of £1bn and pursue further opportunities to extend our best-in-class platform."
