TransPerfect Legal Solutions Rises to Band 2 in Chambers Litigation Support Legal Guide 2023 Rankings

Company Jumps into Elite Rankings Tier of Global Litigation Support and Technology Providers

LONDON and NEW YORK, 6 July 2023 – TransPerfect Legal Solutions (TLS), a global provider of e-discovery, litigation support and legal technology solutions for law firms and corporate legal departments, today announced that it has been awarded a Band 2 ranking in the Chambers Litigation Support Legal Guide 2023 for the United Kingdom (UK) and Asia-Pacific (APAC) regions.

Chambers identifies, ranks and differentiates the best legal talent globally. The Litigation Support Guide is considered a premier measure of excellence across the legal technology industry. Its independent rankings are based on rigorous evaluation criteria, including technical ability, innovation, professional conduct, client service, commercial astuteness, diligence, commitment and other qualities most valued by clients. A key component of the evaluation process includes the collection of direct client feedback.

Achieving a Band 2 ranking in the UK and APAC reaffirms TransPerfect's position as a global leader in litigation support services. The company's comprehensive suite of legal technology solutions includes digital forensics, e-discovery, data analytics, artificial intelligence and document review. With language services integrated across its proprietary and licensed technology stack, TransPerfect handles complex, multi-jurisdictional matters with its team of expert

consultants, including former Big Law litigators as well as skilled linguists and industry veterans in forensics, project management and data privacy.

TransPerfect President and CEO Phil Shawe commented, “It’s an honour to have our status elevated by Chambers. But more importantly, it’s a reflection of the professionalism and tireless work ethic of our team. A heartfelt thanks goes to our clients in the UK and APAC regions for making this recognition possible.”

About TransPerfect Legal Solutions
