

# A nuclear future for Britain, Ukraine conflict sparks costs crisis in Africa and the breastfeeding app on the rise

Sky's Ian King looks at the prime minister's promise for cheaper energy bills as the government announces its major new investment in nuclear power.

Also, the other parts of the world facing potential humanitarian disasters as a result of the Ukraine crisis.

Plus, he speaks to Chen Mao Davies, the chief executive of LatchAid, the breastfeeding app that's secured £1m to expand.
